

For almost 10 years yelster digital identifies, develops and operates technology platforms and online services in the scope of digital marketing. We offer an exciting work environment combining the agile independency and flexibility of a startup with the backing of an expanding, international corporation. yelster digital employs more than 35 experts and is part of the French SoLocal Group.

To support our teams in Vienna or Salzburg we are looking for passionate and dynamic talents with profound work experience – preferable in startups – and the commitment to actively move the company forward.

For the extension and development of a global platform for online services targeting SMEs we are currently seeking a

Team Lead Developer f/m

Full time position in Vienna or Salzburg

Your responsibilities:

- Lead the development of a complex, highly available & scalable web presence platform
- Responsible for the software architecture and API design for cross-platform usage
- Responsible for the developments and deployments
- Work closely together with related development-teams
- Analysis of bugs and introduction of sustainable future proof solutions
- Manage a committed development team of about 9 members
- Technical coordination of external developers
- Work closely with the Product Management and Network & System Engineering Teams
- Teamwork in an international, distributed setup

Your profile:

- Professional, expert level experience in Python
- Professional Experience with Django REST Framework
- Experience with OpenAPI Specification (e.g. Swagger)
- Profound Experience with Version control systems (especially GIT)
- Professional Experience with Linux (debian/ubuntu)
- Database Knowledge (Postgres)
- Knowledge of Javascript Frameworks (AngularJS, jQuery)
- Profound written and spoken English is a must (German, French appreciated)

We offer:

- Altering, challenging tasks in a dynamic environment being part of an international team
- Full-time position with a long time career perspective
- Pleasant work location in the heart of Vienna or Salzburg
- Start February or upon agreement
- Compensation clearly above average, according to actual experience and in compliance with the Austrian IT-Kollektivvertrag (e.g. minimum compensation for "Erfahrungsstufe ST2" of € 53.956,-).
