

For almost 10 years yelster digital prototypes, develops and operates technology platforms and online services in the scope of digital local communications. We offer an exciting work environment combining the agile independency and flexibility of a startup with the backing of an expanding, international corporation. yelster digital employs more than 35 experts and is part of the French SoLocal Group.

To support our teams in Vienna or Salzburg we are looking for passionate and dynamic talents with profound work experience – preferable in startups – and the commitment to actively move the company forward.

For the extension and development of a global platform for online services targeting SMEs we are currently seeking a

Junior or Senior Frontend Developer (f/m)

Full time position in Vienna or Salzburg

Your responsibilities:

- Frontend development of new and existing web platforms
- Optimization and adaptation of web and mobile platforms for new markets
- Teamwork in an international, distributed setup

Your profile:

- Experience with Web Technologies: HTML5, CSS, LESS/SASS, Javascript
- Experience with Javascript Frameworks: AngularJS (Angular2 is an advantage)
- Experience with Mobile Frameworks: Ionic
- Experience with Python Frameworks (Django) is an advantage
- Experience with Version Control Systems (Git)
- Database Knowledge (Postgres, MariaDB) is an advantage
- Working with Linux (debian/ubuntu) feels natural
- Excellent written and spoken English is a must (German, Spanish and/or French appreciated)

We offer:

- Altering, challenging tasks in a dynamic environment
- Being part of an international team of experts
- Full-time position with a long time career perspective
- Pleasant work location in the heart of Vienna or Salzburg
- Start immediately or upon agreement
- Compensation clearly above average, according to actual experience and in compliance with the Austrian IT-Kollektivvertrag (e.g. minimum compensation for "Erfahrungsstufe ST2" of € 54.656,00 annual gross salary).
